DISCLAIMER

Tax laws are among the most dynamic pieces of legislation since they are amended almost every year to serve various economic and social goals of the government. This necessitates that the laws are regularly updated with the various amendments for ease of reference. This compendium contains an up-to-date reproduction of the Income Tax Act, Cap. 338; the Value Added Tax Act, Cap. 344; EACOP Act; the Excise Duty Act, Cap. 336; the Stamp Duty Act, Cap. 339; the Tax Procedures Code Act, Cap. 343; the Convention on Mutual Administrative Assistance in Tax Matters (Implementation) Act, Cap.335; the East African Crude Oil Pipeline (EACOP) (Special Provisions) Act, Cap. 156; the Lotteries and Gaming Act, Cap. 334 and the Tax Appeals Tribunals Act, Cap. 341. Also included is the National Social Security Fund Act, Cap. 230 and an extract of the Local Governments Act, Cap.138 on Local Service Tax. Subsidiary legislation made under the different tax laws are also included.

This "Compendium of Tax Laws in Uganda" is neither prepared by Order of the Government of Uganda nor does it purport, if printed or published, to have been printed or published by the Government Printer or by or under the authority of the Attorney General or Parliament, and cannot therefore, under any circumstances, be a substitute for a Publication by the Government of Uganda.

For the purposes of this publication, the revised **PRINCIPAL LAWS OF UGANDA, 2024** as published by the Uganda Law Reform Commission, and enacted with effect from 1st July 2024, was used as a reference for conformity. The Revised Principal Laws of Uganda, 2024 consolidates and modifies all the laws in Uganda, as enacted or amended, since the publication of the last revised edition of the Laws of Uganda, 2000. Anybody who relies on this compendium for any purposes, including legal proceedings, is responsible for ensuring its accuracy, novelty and completeness by conducting an independent verification with the Principal Laws of Uganda as enacted by Parliament and/or published by the Uganda Law Reform Commission. The undersigned cannot accept responsibility for any errors or omissions; and shall not be held liable for any misrepresentations arising out of its use.

While great care has been taken to ensure that this reproduction is free of errors of omission or commission, it is my humble request that any reader who encounters any errors while making reference to this compendium, notifies the undersigned.

GENERAL GUIDANCE

The Tax Laws are structured into Parts, Sections and Schedules to distinguish the categories of information for ease of reference. Each Part deals with a specific subject area and prescribes the rules or principles affecting the subject area. Sections have headings which describe the subject matter dealt with in the Section, and are further divided into subsections for purposes of organising information in the section. Subsections may be further divided into paragraphs; and paragraphs into sub-paragraphs. Schedules provide for rates of tax and detailed descriptions of the subject matter under the different Parts and sections.

The enactment, passing or making of a law, and its operation or commencement are two different things. A Bill passed by Parliament (an enactment) becomes law (an Act) on the day it receives assent of the President. However, a law only begins to operate from the date, or deemed date, of its commencement which is normally provided within the law itself. In the absence of any commencement provision, an Act comes into operation on the date of its publication as notified in the Gazette.

As a general rule, all provisions are considered to be prospective from the date of commencement, except when made retrospective by express words in the law or by necessary intention. In this case, the commencement of the Act is the date from which it is given or deemed to be given that effect, but not before notification in the Gazette as to the date of its publication.

Retrospective operation should not be given to a law if it takes away or impairs an existing right, or creates a new obligation, or imposes a new liability. The only exception to this general rule would be for matters of procedure. However, it is important to note that the application of an amendment to an event or transaction which is continuing and not complete when a new provision comes into force does not amount to giving a retrospective operation to the law if it taxes that ongoing or continuing event or transaction.

FOOTNOTES

- The Amendment Acts relied on for insertions, additions, substitutions or repeals in this Compendium are cited as Foot Notes in respect of the modified provisions.

- An Amendment Act of any year normally has a commencement and effective date of 1st July of that year (i.e., the first day of the financial year), unless stated otherwise.

- Substitutions or insertions of words within original provisions are indicated in *italicized* font, with a corresponding footnote for the Amendment Act relied on.

- Substitutions replacing or substantially altering the wording of existing or original provisions or sections are indicated in normal font, but with footnotes for the Amendment Act relied on.

- Insertions of new provisions are also indicated in normal font, with a corresponding footnote for the Amendment Act relied on.

- Because of various amendments to some provisions, some substitutions or insertions may be in bold normal font or bold *italicized* font, with a corresponding footnote for the Amendment Act relied on. This is to distinguish between the different Amendment Acts.

- Repealed substantive provisions, words or terms have not been deleted but indicated in faded font [faded font], while repealed procedural provisions have been deleted. This is because amended or repealed substantive provisions are still relevant for application to tax periods prior to the amendment or repeal. Amendments affecting procedure can be applied retrospectively to obligations that are still outstanding at the time the amendment takes effect, unless the circumstances of the obligation prevent, by implication, its application.

(2) Where subsection (1) applies, the calculation of the chargeable income of the taxpayer shall be adjusted for the year of income in which the taxpayer refunds the amount received or recovers the amount paid.

(3) A taxpayer who is accounting for tax purposes on an accrual basis shall include an amount in *gross* [155] income when receivable or claim a deduction for an amount when payable notwithstanding that the taxpayer is not legally entitled to receive the amount or liable to make the payment, if the taxpayer claims to be legally entitled to receive, or legally obliged to pay the amount.

43. Long-Term contracts

(1) In the case of an accrual-basis taxpayer, income and deductions relating to a long-term contract are taken into account on the basis of the percentage of the contract completed during the year of income.

(2) The percentage of completion is determined by comparing the total costs allocated to the contract and incurred before the end of the year of income with the estimated total contract costs as determined at the time of commencement of the contract.

(3) Where, in the year of income in which the long-term contract is completed, it is determined that the contract has made a final year loss, the Commissioner General may allow the loss to be carried back to the preceding years of income and applied against an amount in *gross*[156] income over the period of the contract under subsection (1) for those years starting with the year immediately preceding the year in which the contract was completed.

(1) A taxpayer is allowed a deduction for the cost of trading stock disposed of during a year of income.

(2) The cost of trading stock disposed of during a year of income is determined by adding to the opening value of trading stock for the year, the cost of trading stock acquired during the year, and subtracting the closing value of trading stock for the year.

(3) The opening value of trading stock for a year of income is –

(a) the closing value of trading stock at the end of the previous year of income; or

(b) where the taxpayer commenced business during the year of income, the *market* value, *at the time of commencement of the business,*[157] of trading stock acquired prior to the commencement of the business.

(4) The closing value of trading stock is the lower of cost or market value of trading stock on hand at the end of the year of income.

"direct material costs" means the cost of materials that become an integral part of the trading stock produced;

"factory overhead costs" means the total costs of manufacturing except direct labour and direct material costs;

"variable factory overhead costs" means those factory overhead costs which vary directly with changes in volume.

(c) the cost base of a share received by the transferor in exchange for the asset is equal to the cost base of the asset transferred, less any liability assumed by the transferor in respect of the asset.

(c) the transfer of the asset is not a dividend; and

(d) no gain or loss is taken into account on the cancellation of the transferee's shares in the liquidated company.

(3) For purposes of this Part J, the reference to generally accepted accounting principles means the applicable international financial reporting standards, as amended from time to time, issued by the International Accounting Standards Board of the IFRS Foundation.

(4) The project company shall –

(a) keep and maintain its books and records;

(b) keep, prepare and file any accounts required by the agreed regime or by the Commissioner General Uganda Revenue Authority; and

(a) amounts received and costs and expenditures made in US Dollars or any other currency shall be converted into Uganda Shillings on the basis of the average of the buying and selling exchange rates as published by the Bank of Uganda, prevailing on the last business day of the calendar month preceding the calendar month in which the amounts are received, and costs and expenditures are paid; and

(b) in the event of an increase or decrease, one time or accumulative, of ten percent or more in the rates of exchange between Uganda Shillings and the US Dollar or the currency in question during any given calendar month, the following rates will be used and the project company shall be required to maintain a record of the rates of exchange used in currency conversion –

(8) The amount of tax payable for each instalment of provisional tax under section 121 of the Income Tax Act shall not be increased or decreased to account for any movement in the exchange rate for conversion from US Dollars into Uganda Shillings after the due date of the instalment of provisional tax.

(9) Where any refund of tax is due and payable to the project company, but has not been paid, the Commissioner General shall use its best efforts to expedite and approve in a reasonable manner the set-off of such tax against any other undisputed taxes due and payable by the project company or the refund of such tax, in accordance with section 123 of the Income Tax Act and section 34 of the Value Added Tax Act.

incurred directly by the project company rather than by or on behalf of the investor, subject to tax audit.

(3) Upon the charge or re-charge of early project costs to the project company under paragraph 11(2), the project company shall pay all relevant taxes in accordance with the agreed fiscal regime as if the early project costs were project expenses incurred directly by the project company at the time of such charge or re-charge to the project company; provided that the amount of any taxes payable by the project company in Uganda shall be reduced to the extent any taxes have already been paid in Uganda in relation to such early project costs.

CONVENTION ON MUTUAL ADMINISTRATIVE ASSISTANCE IN TAX MATTERS

Text amended by the provisions of the Protocol amending the Convention on Mutual Administrative Assistance in Tax Matters, which entered into force on 1st June 2011

Preamble

The member States of the Council of Europe and the member countries of the Organisation for Economic Co-operation and Development (OECD), signatories of this Convention,

Considering that the development of international movement of persons, capital, goods and services – although highly beneficial in itself – has increased the possibilities of tax avoidance and evasion and therefore requires increasing co-operation among tax authorities;

Welcoming the various efforts made in recent years to combat tax avoidance and tax evasion on an international level, whether bilaterally or multilaterally; Considering that a co-ordinated effort between States is necessary in order to foster all forms of administrative assistance in matters concerning taxes of any kind whilst at the same time ensuring adequate protection of the rights of taxpayers;

Recognising that international co-operation can play an important part in facilitating the proper determination of tax liabilities and in helping the taxpayer to secure his rights;

Considering that fundamental principles entitling every person to have his rights and obligations determined in accordance with a proper legal procedure should be recognised as applying to tax matters in all States and that States should endeavour to protect the legitimate interests of taxpayers, including appropriate protection against discrimination and double taxation;
Convinced therefore that States should carry out measures or supply information, having regard to the necessity of protecting the confidentiality of information, and taking account of international instruments for the protection of privacy and flows of personal data;
Considering that a new co-operative environment has emerged and that it is desirable that a multilateral instrument is made available to allow the widest number of States to obtain the benefits of the new co-operative environment and at the same time implement the highest international standards of co- operation in the tax field;

Desiring to conclude a convention on mutual administrative assistance in tax matters,

Have agreed as follows:

1. At the request of the applicant State, the requested State shall provide the applicant State with any information referred to in Article 4 which concerns particular persons or transactions.

2. If the information available in the tax files of the requested State is not sufficient to enable it to comply with the request for information, that State shall take all relevant measures to provide the applicant State with the information requested.

Article 6 – Automatic exchange of information

With respect to categories of cases and in accordance with procedures which they shall determine by mutual agreement, two or more Parties shall automatically exchange the information referred to in Article 4.

Article 7 – Spontaneous exchange of information

1. A Party shall, without prior request, forward to another Party information of which it has knowledge in the following circumstances:

   (a) the first-mentioned Party has grounds for supposing that there may be a loss of tax in the other Party;

   (b) a person liable to tax obtains a reduction in or an exemption from tax in the first-mentioned Party which would give rise to an increase in tax or to liability to tax in the other Party;

   (c) business dealings between a person liable to tax in a Party and a person liable to tax in another Party are conducted through one or more countries in such a way that a saving in tax may result in one or the other Party or in both;

   (d) a Party has grounds for supposing that a saving of tax may result from artificial transfers of profits within groups of enterprises;

   (e) information forwarded to the first-mentioned Party by the other Party has enabled information to be obtained which may be relevant in assessing liability to tax in the latter Party.

2. Each Party shall take such measures and implement such procedures as are necessary to ensure that information described in paragraph 1 will be made available for transmission to another Party.

Article 8 – Simultaneous tax examinations

1. At the request of one of them, two or more Parties shall consult together for the purposes of determining cases and procedures for simultaneous tax examinations. Each Party involved

shall decide whether or not it wishes to participate in a particular simultaneous tax examination.

2. For the purposes of this Convention, a simultaneous tax examination means an arrangement between two or more Parties to examine simultaneously, each in its own territory, the tax affairs of a person or persons in which they have a common or related interest, with a view to exchanging any relevant information which they so obtain.

Article 9 – Tax examinations abroad

1. At the request of the competent authority of the applicant State, the competent authority of the requested State may allow representatives of the competent authority of the applicant State to be present at the appropriate part of a tax examination in the requested State.

2. If the request is acceded to, the competent authority of the requested State shall, as soon as possible, notify the competent authority of the applicant State about the time and place of the examination, the authority or official designated to carry out the examination and the procedures and conditions required by the requested State for the conduct of the examination. All decisions with respect to the conduct of the tax examination shall be made by the requested State.

3. A Party may inform one of the Depositaries of its intention not to accept, as a general rule, such requests as are referred to in paragraph 1. Such a declaration may be made or withdrawn at any time.

Article 10 – Conflicting information

If a Party receives from another Party information about a person's tax affairs which appears to it to conflict with information in its possession, it shall so advise the Party which has provided the information.

Section II – Assistance in recovery

Article 11 – Recovery of tax claims

1. At the request of the applicant State, the requested State shall, subject to the provisions of Articles 14 and 15, take the necessary steps to recover tax claims of the first-mentioned State as if they were its own tax claims.

2. The provision of paragraph 1 shall apply only to tax claims which form the subject of an instrument permitting their enforcement in the applicant State and, unless otherwise agreed between the Parties concerned, which are not contested.

   However, where the claim is against a person who is not a resident of the applicant State, paragraph 1 shall only apply, unless otherwise agreed between the Parties concerned, where the claim may no longer be contested.

3. The obligation to provide assistance in the recovery of tax claims concerning a deceased person or his estate, is limited to the value of the estate or of the property acquired by each beneficiary of the estate, according to whether the claim is to be recovered from the estate or from the beneficiaries thereof.

Article 12 – Measures of conservancy

At the request of the applicant State, the requested State shall, with a view to the recovery of an amount of tax, take measures of conservancy even if the claim is contested or is not yet the subject of an instrument permitting enforcement.

Article 13 – Documents accompanying the request

1. The request for administrative assistance under this section shall be accompanied by:

   (a) a declaration that the tax claim concerns a tax covered by the Convention and, in the case of recovery that, subject to paragraph 2 of Article 11, the tax claim is not or may not be contested,

   (b) an official copy of the instrument permitting enforcement in the applicant State, and

   (c) any other document required for recovery or measures of conservancy.

2. The instrument permitting enforcement in the applicant State shall, where appropriate and in accordance with the provisions in force in the requested State, be accepted, recognized, supplemented or replaced as soon as possible after the date of the receipt of the request for assistance, by an instrument permitting enforcement in the latter State.

Article 14 – Time limits

1. Questions concerning any period beyond which a tax claim cannot be enforced shall be governed by the law of the applicant State. The request for assistance shall give particulars concerning that period.

2. Acts of recovery carried out by the requested State in pursuance of a request for assistance, which, according to the laws of that State, would have the effect of suspending or interrupting the period mentioned in paragraph 1, shall also have this effect under the laws of the applicant State. The requested State shall inform the applicant State about such acts.

3. In any case, the requested State is not obliged to comply with a request for assistance which is submitted after a period of 15 years from the date of the original instrument permitting enforcement.

Article 15 – Priority

The tax claim in the recovery of which assistance is provided shall not have in the requested State any priority specially accorded to the tax claims of that State even if the recovery procedure used is the one applicable to its own tax claims.

Article 16 – Deferral of payment

The requested State may allow deferral of payment or payment by instalments if its laws or administrative practice permit it to do so in similar circumstances, but shall first inform the applicant State.

Section III – Service of documents

Article 17 – Service of documents

1. At the request of the applicant State, the requested State shall serve upon the addressee documents, including those relating to judicial decisions, which emanate from the applicant State and which relate to a tax covered by this Convention.

2. The requested State shall effect service of documents:

   (a) by a method prescribed by its domestic laws for the service of documents of a substantially similar nature;

   (b) to the extent possible, by a particular method requested by the applicant State or the closest to such method available under its own laws.

3. A Party may effect service of documents directly through the post on a person within the territory of another Party.

4. Nothing in the Convention shall be construed as invalidating any service of documents by a Party in accordance with its laws.

5. When a document is served in accordance with this article, it need not be accompanied by a translation. However, where it is satisfied that the addressee cannot understand the language of the document, the requested State shall arrange to have it translated into or a summary drafted in its or one of its official languages. Alternatively, it may ask the applicant State to have the document either translated into or accompanied by a summary in one of the official languages of the requested State, the Council of Europe or the OECD.

CHAPTER IV – PROVISIONS RELATING TO ALL FORMS OF ASSISTANCE

Article 18 – Information to be provided by the applicant State

1. A request for assistance shall indicate where appropriate:
   (a) the authority or agency which initiated the request made by the competent authority;

   (b) the name, address, or any other particulars assisting in the identification of the person in respect of whom the request is made;

   (c) in the case of a request for information, the form in which the applicant State wishes the information to be supplied in order to meet its needs;

   (d) in the case of a request for assistance in recovery or measures of conservancy, the nature of the tax claim, the components of the tax claim and the assets from which the tax claim may be recovered;

   (e) in the case of a request for service of documents, the nature and the subject of the document to be served;

   (f) whether it is in conformity with the law and administrative practice of the applicant State and whether it is justified in the light of the requirements of Article 21.2.g.

2. As soon as any other information relevant to the request for assistance comes to its knowledge, the applicant State shall forward it to the requested State.

Article 19 – Deleted

Article 20 – Response to the request for assistance

1. If the request for assistance is complied with, the requested State shall inform the applicant State of the action taken and of the result of the assistance as soon as possible.

2. If the request is declined, the requested State shall inform the applicant State of that decision and the reason for it as soon as possible.

3. If, with respect to a request for information, the applicant State has specified the form in which it wishes the information to be supplied and the requested State is in a position to do so, the requested State shall supply it in the form requested.

Article 21 – Protection of persons and limits to the obligation to provide assistance

1. Nothing in this Convention shall affect the rights and safeguards secured to persons by the laws or administrative practice of the requested State.

2. Except in the case of Article 14, the provisions of this Convention shall not be construed so as to impose on the requested State the obligation:

   (a) to carry out measures at variance with its own laws or administrative practice or the laws or administrative practice of the applicant State;

   (b) to carry out measures which would be contrary to public policy (ordre public);

   (c) to supply information which is not obtainable under its own laws or its administrative practice or under the laws of the applicant State or its administrative practice;

   (d) to supply information which would disclose any trade, business, industrial, commercial or professional secret, or trade process, or information the disclosure of which would be contrary to public policy (ordre public);

   (e) to provide administrative assistance if and insofar as it considers the taxation in the applicant State to be contrary to generally accepted taxation principles or to the provisions of a convention for the avoidance of double taxation, or of any other convention which the requested State has concluded with the applicant State;

   (f) to provide administrative assistance for the purpose of administering or enforcing a provision of the tax law of the applicant State, or any requirement connected therewith, which discriminates against a national of the requested State as compared with a national of the applicant State in the same circumstances;

   (g) to provide administrative assistance if the applicant State has not pursued all reasonable measures available under its laws or administrative practice, except where recourse to such measures would give rise to disproportionate difficulty;

   (h) to provide assistance in recovery in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the applicant State.

3. If information is requested by the applicant State in accordance with this Convention, the requested State shall use its information gathering measures to obtain the requested information, even though the requested State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations contained in this Convention, but in no case shall such limitations, including in particular those of paragraphs 1 and 2, be construed to permit a requested State to decline to supply information solely because it has no domestic interest in such information.

4. In no case shall the provisions of this Convention, including in particular those of paragraphs 1 and 2, be construed to permit a requested State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 22 – Secrecy

1. Any information obtained by a Party under this Convention shall be treated as secret and protected in the same manner as information obtained under the domestic law of that Party and, to the extent needed to ensure the necessary level of protection of personal data, in accordance with the safeguards which may be specified by the supplying Party as required under its domestic law.

2. Such information shall in any case be disclosed only to persons or authorities (including courts and administrative or supervisory bodies) concerned with the assessment, collection or recovery of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, taxes of that Party, or the oversight of the above. Only the persons or authorities mentioned above may use the information and then only for such purposes. They may, notwithstanding the provisions of paragraph 1, disclose it in public court proceedings or in judicial decisions relating to such taxes.

3. If a Party has made a reservation provided for in sub-paragraph a. of paragraph 1 of Article 30, any other Party obtaining information from that Party shall not use it for the purpose of a tax in a category subject to the reservation. Similarly, the Party making such a reservation shall not use information obtained under this Convention for the purpose of a tax in a category subject to the reservation.

4. Notwithstanding the provisions of paragraphs 1, 2 and 3, information received by a Party may be used for other purposes when such information may be used for such other purposes under the laws of the supplying Party and the competent authority of that Party authorises such use. Information provided by a Party to another Party may be transmitted by the latter to a third Party, subject to prior authorisation by the competent authority of the first-mentioned Party.

Article 23 – Proceedings

1. Proceedings relating to measures taken under this Convention by the requested State shall be brought only before the appropriate body of that State.

2. Proceedings relating to measures taken under this Convention by the applicant State, in particular those which, in the field of recovery, concern the existence or the amount of the tax claim or the instrument permitting its enforcement, shall be brought only before the appropriate body of that State. If such proceedings are brought, the applicant State shall inform the requested State which shall suspend the procedure pending the decision of the body in question.

   However, the requested State shall, if asked by the applicant State, take measures of conservancy to safeguard recovery. The requested State can also be informed of such proceedings by any interested person. Upon receipt of such information the requested State shall consult on the matter, if necessary, with the applicant State.

3. As soon as a final decision in the proceedings has been given, the requested State or the applicant State, as the case may be, shall notify the other State of the decision and the implications which it has for the request for assistance.

CHAPTER V – SPECIAL PROVISIONS

Article 24 – Implementation of the Convention

1. The Parties shall communicate with each other for the implementation of this Convention through their respective competent authorities. The competent authorities may communicate directly for this purpose and may authorise subordinate authorities to act on their behalf. The competent authorities of two or more Parties may mutually agree on the mode of application of the Convention among themselves.

2. Where the requested State considers that the application of this Convention in a particular case would have serious and undesirable consequences, the competent authorities of the requested and of the applicant State shall consult each other and endeavour to resolve the situation by mutual agreement.

3. A co-ordinating body composed of representatives of the competent authorities of the Parties shall monitor the implementation and development of this Convention, under the aegis of the OECD. To that end, the co-ordinating body shall recommend any action likely to further the general aims of the Convention. In particular it shall act as a forum for the study of new methods and procedures to increase international co-operation in tax matters and, where appropriate, it may recommend revisions or amendments to the Convention. States which have signed but not yet ratified, accepted or approved the Convention are entitled to be represented at the meetings of the co-ordinating body as observers.

4. A Party may ask the co-ordinating body to furnish opinions on the interpretation of the provisions of the Convention.

5. Where difficulties or doubts arise between two or more Parties regarding the implementation or interpretation of the Convention, the competent authorities of those Parties shall endeavour to resolve the matter by mutual agreement. The agreement shall be communicated to the coordinating body.

6. The Secretary General of OECD shall inform the Parties, and the Signatory States which have not yet ratified, accepted or approved the Convention, of opinions furnished by the coordinating body according to the provisions of paragraph 4 above and of mutual agreements reached under paragraph 5 above.

Article 25 – Language

(b) extraordinary costs incurred in providing assistance shall be borne by the applicant State.

CHAPTER VI – FINAL PROVISIONS

Article 27 – Other international agreements or arrangements

1. The possibilities of assistance provided by this Convention do not limit, nor are they limited by, those contained in existing or future international agreements or other arrangements between the Parties concerned or other instruments which relate to co-operation in tax matters.

2. Notwithstanding paragraph 1, those Parties which are member States of the European Union can apply, in their mutual relations, the possibilities of assistance provided for by the Convention in so far as they allow a wider co-operation than the possibilities offered by the applicable European Union rules.

Article 28 – Signature and entry into force of the Convention

1. This Convention shall be open for signature by the member States of the Council of Europe and the member countries of OECD. It is subject to ratification, acceptance or approval. Instruments of ratification, acceptance or approval shall be deposited with one of the Depositaries.

2. This Convention shall enter into force on the first day of the month following the expiration of a period of three months after the date on which five States have expressed their consent to be bound by the Convention in accordance with the provisions of paragraph 1.

3. In respect of any member State of the Council of Europe or any member country of OECD which subsequently expresses its consent to be bound by it, the Convention shall enter into force on the first day of the month following the expiration of a period of three months after the date of the deposit of the instrument of ratification, acceptance or approval.

4. Any member State of the Council of Europe or any member country of OECD which becomes a Party to the Convention after the entry into force of the Protocol amending this Convention, opened for signature on 27th May 2010 (the "2010 Protocol"), shall be a Party to the Convention as amended by that Protocol, unless they express a different intention in a written communication to one of the Depositaries.

5. After the entry into force of the 2010 Protocol, any State which is not a member of the Council of Europe or of the OECD may request to be invited to sign and ratify this Convention as amended by the 2010 Protocol. Any request to this effect shall be addressed to one of the Depositaries, who shall transmit it to the Parties. The Depositary shall also inform the Committee of Ministers of the Council of Europe and the OECD Council. The decision to invite States which so request to become Party to this Convention shall be taken by consensus by the Parties to the Convention through the co-ordinating body. In respect of any State ratifying the Convention as amended by the 2010 Protocol in accordance with this paragraph, this Convention shall enter into force on the first day of the month following the expiration of a period of three months after the date of deposit of the instrument of ratification with one of the Depositaries.

6. The provisions of this Convention, as amended by the 2010 Protocol, shall have effect for administrative assistance related to taxable periods beginning on or after 1 January of the year following the one in which the Convention, as amended by the 2010 Protocol, entered into force in respect of a Party, or where there is no taxable period, for administrative assistance related to charges to tax arising on or after 1 January of the year following the one in which the Convention, as amended by the 2010 Protocol, entered into force in respect of a Party. Any

two or more Parties may mutually agree that the Convention, as amended by the 2010 Protocol, shall have effect for administrative assistance related to earlier taxable periods or charges to tax.

7. Notwithstanding paragraph 6, for tax matters involving intentional conduct which is liable to prosecution under the criminal laws of the applicant Party, the provisions of this Convention, as amended by the 2010 Protocol, shall have effect from the date of entry into force in respect of a Party in relation to earlier taxable periods or charges to tax.

2. Any State may, at any later date, by a declaration addressed to one of the Depositaries, extend the application of this Convention to any other territory specified in the declaration. In respect of such territory the Convention shall enter into force on the first day of the month following the expiration of a period of three months after the date of receipt of such declaration by the Depositary.

3. Any declaration made under either of the two preceding paragraphs may, in respect of any territory specified in such declaration, be withdrawn by a notification addressed to one of the Depositaries. The withdrawal shall become effective on the first day of the month following the expiration of a period of three months after the date of receipt of such notification by the Depositary.

Article 30 – Reservations

1. Any State may, at the time of signature or when depositing its instrument of ratification, acceptance or approval or at any later date, declare that it reserves the right:

(g) or where there is no taxable period, for administrative assistance related to charges to tax arising on or after 1 January of the third year preceding the one in which the Convention, as amended by the 2010 Protocol, entered into force in respect of a Party.

2. No other reservation may be made.

3. After the entry into force of the Convention in respect of a Party, that Party may make one or more of the reservations listed in paragraph 1 which it did not make at the time of ratification, acceptance or approval. Such reservations shall enter into force on the first day of the month following the expiration of a period of three months after the date of receipt of the reservation by one of the Depositaries.

4. Any Party which has made a reservation under paragraphs 1 and 3 may wholly or partly withdraw it by means of a notification addressed to one of the Depositaries. The withdrawal shall take effect on the date of receipt of such notification by the Depositary in question.

5. A Party which has made a reservation in respect of a provision of this Convention may not require the application of that provision by any other Party; it may, however, if its reservation is partial, require the application of that provision insofar as it has itself accepted it.

Article 31 – Denunciation

Schedule 3

Section 3(1)

MULTILATERAL COMPETENT AUTHORITY AGREEMENT ON AUTOMATIC EXCHANGE OF FINANCIAL ACCOUNT INFORMATION

Whereas, the jurisdictions of the signatories to the Multilateral Competent Authority Agreement on Automatic Exchange of Financial Account Information (the "Agreement") are Parties of, or territories covered by, the Convention on Mutual Administrative Assistance in Tax Matters or the Convention on Mutual Administrative Assistance in Tax Matters as amended by the Protocol amending the Convention on Mutual Administrative Assistance in Tax Matters (the "Convention") or have signed or expressed their intention to sign the Convention and acknowledge that the Convention must be in force and in effect in relation to them before the first exchange of financial account information takes place;

Whereas, the jurisdictions intend to improve international tax compliance by further building on their relationship with respect to mutual assistance in tax matters;

Whereas, the Common Reporting Standard was developed by the OECD, with G20 countries, to tackle tax avoidance and evasion and improve tax compliance;

Whereas, a country that has signed or expressed its intention to sign the Convention will only become a Jurisdiction as defined in Section 1 of this Agreement once it has become a Party to the Convention;

Whereas, the laws of the respective Jurisdictions require or are expected to require financial institutions to report information regarding certain accounts and follow related due diligence procedures, consistent with the scope of exchange contemplated by Section 2 of this Agreement and the reporting and due diligence procedures set out in the Common Reporting Standard;

Whereas, it is expected that the laws of the Jurisdictions would be amended from time to time to reflect updates to the Common Reporting Standard and once such changes are enacted by a Jurisdiction the definition of Common Reporting Standard would be deemed to refer to the updated version in respect of that Jurisdiction;

Whereas, Chapter III of the Convention authorises the exchange of information for tax purposes, including the exchange of information on an automatic basis, and allows the competent authorities of the Jurisdictions to agree the scope and modalities of such automatic exchanges;

Whereas, Article 6 of the Convention provides that two or more Parties can mutually agree to exchange information automatically, the exchange of the information will be on a bilateral basis between the Competent Authorities; Whereas, the Jurisdictions have, or are expected to have, in place by the time the first exchange takes place (i) appropriate safeguards to ensure that the information received pursuant to this Agreement remains confidential and is used solely for the purposes set out in the Convention, and (ii) the infrastructure for an effective exchange relationship (including established processes for ensuring timely, accurate, and confidential information exchanges, effective and reliable communications, and capabilities to promptly resolve questions and concerns about exchanges or requests for exchanges and to administer the provisions of Section 4 of this Agreement);

Whereas, the Competent Authorities of the jurisdictions intend to conclude an agreement to improve international tax compliance based on automatic exchange pursuant to the Convention, without prejudice to national legislative procedures (if any), respecting EU law (if applicable), and

subject to the confidentiality and other protections provided for in the Convention, including the provisions limiting the use of the information exchanged thereunder;

Now, therefore, the Competent Authorities have agreed as follows:

SECTION 1

2. Any capitalized term not otherwise defined in this Agreement will have the meaning that it has at that time under the law of the Jurisdiction applying the Agreement, such meaning being consistent with the meaning set forth in the Common Reporting Standard. Any term not

otherwise defined in this Agreement or in the Common Reporting Standard will, unless the context otherwise requires or the Competent Authorities agree to a common meaning (as permitted by domestic law), have the meaning that it has at that time under the law of the Jurisdiction applying this Agreement, any meaning under the applicable tax laws of that Jurisdiction prevailing over a meaning given to the term under other laws of that Jurisdiction.

2. For the purposes of the exchange of information in Section 2, the information exchanged will identify the currency in which each relevant amount is denominated.

3. 5. in the case of any Custodial Account:

    a) the total gross amount of interest, the total gross amount of dividends, and the total gross amount of other income generated with respect to the assets held in the account, in each case paid or credited to the account (or with respect to the account) during the calendar year or other appropriate reporting period; and

However, a Reporting Financial Institution is required to use reasonable efforts to obtain the TIN(s) and date of birth with respect to Preexisting Accounts by the end of the second calendar year following the year in which such Accounts were identified as Reportable Accounts.

D. Notwithstanding subparagraph A(1), the TIN is not required to be reported if (i) a TIN is not issued by the relevant Reportable Jurisdiction or (ii) the domestic law of the relevant Reportable Jurisdiction does not require the collection of the TIN issued by such Reportable Jurisdiction.

E. Notwithstanding subparagraph A(1), the place of birth is not required to be reported unless the Reporting Financial Institution is otherwise required to obtain and report it under domestic law and it is available in the electronically searchable data maintained by the Reporting Financial Institution.

Section II: General Due Diligence Requirements

A. An account is treated as a Reportable Account beginning as of the date it is identified as such pursuant to the due diligence procedures in Sections II through VII and, unless otherwise provided, information with respect to a Reportable Account must be reported annually in the calendar year following the year to which the information relates.

B. The balance or value of an account is determined as of the last day of the calendar year or other appropriate reporting period.

C. Where a balance or value threshold is to be determined as of the last day of a calendar year, the relevant balance or value must be determined as of the last day of the reporting period that ends with or within that calendar year.

D. Each Jurisdiction may allow Reporting Financial Institutions to use service providers to fulfil the reporting and due diligence obligations imposed on such Reporting Financial Institutions, as contemplated in domestic law, but these obligations shall remain the responsibility of the Reporting Financial Institutions.

E. Each Jurisdiction may allow Reporting Financial Institutions to apply the due diligence procedures for New Accounts to Preexisting Accounts, and the due diligence procedures for High Value Accounts to Lower Value Accounts. Where a Jurisdiction allows New Account due diligence procedures to be used for Preexisting Accounts, the rules otherwise applicable to Preexisting Accounts continue to apply.

Section III: Due Diligence for Pre-existing Individual Accounts

The following procedures apply for purposes of identifying Reportable Accounts among Preexisting Individual Accounts.

A. Accounts not required to be reviewed, identified, or reported - A Preexisting Individual Account that is a Cash Value Insurance Contract or an Annuity Contract is not required to be reviewed, identified or reported, provided the Reporting Financial Institution is effectively prevented by law from selling such Contract to residents of a Reportable Jurisdiction.

B. Lower Value Accounts - The following procedures apply with respect to Lower Value Accounts.

1. Residence Address - If the Reporting Financial Institution has in its records a current residence address for the individual Account Holder based on Documentary Evidence, the Reporting Financial Institution may treat the individual Account Holder as being a resident for tax purposes of the jurisdiction in which the address is located for purposes of determining whether such individual Account Holder is a Reportable Person.

2. Electronic Record search - If the Reporting Financial Institution does not rely on a current residence address for the individual Account Holder based on Documentary Evidence as set forth in subparagraph B(1), the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the following indicia and apply subparagraphs B(3) through (6):

a) identification of the Account Holder as a resident of a Reportable Jurisdiction;

b) current mailing or residence address (including a post office box) in a Reportable Jurisdiction;

c) one or more telephone numbers in a Reportable Jurisdiction and no telephone number in the jurisdiction of the Reporting Financial Institution;

d) standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Reportable Jurisdiction;

e) currently effective power of attorney or signatory authority granted to a person with an address in a Reportable Jurisdiction; or

f) a "hold mail" instruction or "in-care-of" address in a Reportable Jurisdiction if the Reporting Financial Institution does not have any other address on file for the Account Holder.

3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.

4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Reportable Jurisdiction for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

5. If a "hold mail" instruction or "in-care-of" address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful,

the Reporting Financial Institution must report the account as an undocumented account.

6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Reportable Jurisdiction if:

a) the Account Holder information contains a current mailing or residence address in the Reportable Jurisdiction, one or more telephone numbers in the Reportable Jurisdiction (and no telephone number in the jurisdiction of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Reportable Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:

(i) a self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Reportable Jurisdiction; and

(ii) Documentary Evidence establishing the Account Holder's non-reportable status.

b) the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in the Reportable Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of:

(i) a self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Reportable Jurisdiction; or

(ii) Documentary Evidence establishing the Account Holder's non-reportable status.

C. **Enhanced review procedures for high value accounts -** The following enhanced review procedures apply with respect to High Value Accounts.

1. **Electronic Record search -** With respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B (2).

2. **Paper Record search -** If the Reporting Financial Institution's electronically searchable databases include fields for, and capture all of the information described in, subparagraph C (3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the Account and obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2):

a) the most recent Documentary Evidence collected with respect to the account;

b) the most recent account opening contract or documentation;

c) the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;

d) any power of attorney or signature authority forms currently in effect; and

e) any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.

3. **Exception to the extent databases contain sufficient information -** A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution's electronically searchable information includes the following:

a) the Account Holder's residence status;

b) the Account Holder's residence address and mailing address currently on file with the Reporting Financial Institution;

c) the Account Holder's telephone number(s) currently on file, if any, with the Reporting Financial Institution;

d) in the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);

e) whether there is a current "in-care-of" address or "hold mail" instruction for the Account Holder; and

f) whether there is any power of attorney or signatory authority for the account.

4. **Relationship Manager inquiry for actual knowledge -** In addition to the electronic and paper record searches described above, the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.

5. **Effect of finding indicia**

a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described above, and the account is not identified as held by a Reportable Person in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.

b) If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described above, or if there is a subsequent change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Reportable Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

c) If a "hold mail" instruction or "in-care-of" address is discovered in the enhanced review of High Value Accounts described above, and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account as an undocumented account.

6. If a Preexisting Individual Account is not a High Value Account as of 31st December, 2023 but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.

7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to re-apply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should re-apply them annually until such account ceases to be undocumented.

8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Reportable Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder has a new mailing address in a Reportable Jurisdiction, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.

D. Review of Preexisting Individual Accounts must be completed by 31st December, 2025.

E. Any Preexisting Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

Section IV: Due Diligence for New Individual Accounts

The following procedures apply for purposes of identifying Reportable Accounts among New Individual Accounts.

A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening

documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.

B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account and the self- certification must also include the Account Holder's TIN with respect to such Reportable Jurisdiction (subject to paragraph D of Section I) and date of birth.

C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

Section V: Due Diligence for Pre-existing Entity Accounts

The following procedures apply for purposes of identifying Reportable Accounts among Preexisting Entity Accounts.

A. Entity Accounts not required to be reviewed, identified or reported - The Reporting Financial Institution may with respect to all Preexisting Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Preexisting Entity Account with an aggregate account balance or value that does not exceed USD 250 000 as of 31st December 2023, is not required to be reviewed, identified, or reported as a Reportable Account until the aggregate account balance or value exceeds USD 250 000 as of the last day of any subsequent calendar year unless the Competent Authority decides otherwise.

B. Entity Accounts subject to review - A Preexisting Entity Account that has an aggregate account balance or value that exceeds USD 250,000 as of 31st December 2023, and a Preexisting Entity Account that does not exceed USD 250,000 as of 31st December 2023 but the aggregate account balance or value of which exceeds USD 250,000 as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.

C. Entity Accounts with respect to which reporting is required - With respect to Preexisting Entity Accounts described in paragraph B, only accounts that are held by one or more Entities that are Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons, shall be treated as Reportable Accounts.

D. Review procedures for identifying Entity Accounts with respect to which reporting is required - For Preexisting Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:

1. Determine whether the entity is a Reportable Person

a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC Procedures) to determine

whether the information indicates that the Account Holder is resident in a Reportable Jurisdiction. For this purpose, information indicating that the Account Holder is resident in a Reportable Jurisdiction includes a place of incorporation or organisation, or an address in a Reportable Jurisdiction.

b) If the information indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.

2. **Determine whether the entity is a passive NFE with one or more controlling persons who are Reportable Persons -** With respect to an Account Holder of a Preexisting Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs D(2)(a) through (c) in the order most appropriate under the circumstances.

a) **Determining whether the Account Holder is a Passive NFE -** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.

b) **Determining the Controlling Persons of an Account Holder –** For the purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.

c) **Determining whether a Controlling Person of a Passive NFE is a Reportable Person -** For the purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on:

(i) information collected and maintained pursuant to AML/ KYC Procedures in the case of a Preexisting Entity Account held by one or more NFEs with an aggregate account balance or value that does not exceed USD 1,000,000 unless the Competent Authority decides otherwise; or

(ii) a self-certification from the Account Holder or such Controlling Person of the jurisdiction(s) in which the Controlling Person is resident for tax purposes.

E. Timing of review and additional procedures to pre-existing Entity Accounts

1. Review of Preexisting Entity Accounts with an aggregate account balance or value that exceeds USD 250 000 as of 31st December, 2023 must be completed by 31st December 2025.

2. Review of Preexisting Entity Accounts with an aggregate account balance or value that does not exceed USD 250 000 as of 31st December 2023, but exceeds USD 250 000 as of 31st December of a subsequent year, must be completed within the calendar year following the year in which the aggregate account balance or value exceeds USD 250 000.

3. If there is a change of circumstances with respect to a Preexisting Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph D.

Section VI: Due Diligence for New Entity Accounts

The following procedures apply for purposes of identifying Reportable Accounts among New Entity Accounts.

A. Review procedures for identifying Entity Accounts with respect to which reporting is required - For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures to determine whether the account is held by one or more Reportable Persons, or by Passive NFEs with one or more Controlling Persons who are Reportable Persons:

1. Determine whether the entity is a Reportable Person

a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.

b) If the self-certification indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person with respect to such Reportable Jurisdiction.

2. Determine whether the entity is a Passive NFE with one or more Controlling Persons who are Reportable Persons

With respect to an Account Holder of a New Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons who are Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.

a) **Determining whether the Account Holder is a Passive NFE -** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.

b) **Determining the Controlling Persons of an Account Holder -** For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.

c) **Determining whether a Controlling Person of a Passive NFE is a Reportable Person -** For purposes of determining whether a Controlling Person of a Passive NFE is a Reportable Person, a Reporting Financial Institution may rely on a self-certification from the Account Holder or such Controlling Person.

Section VII: Special Due Diligence Rules

The following additional rules apply in implementing the due diligence procedures described above:

A. Reliance on Self-Certifications and Documentary Evidence - A Reporting Financial Institution may not rely on a self-certification or Documentary Evidence if the Reporting Financial Institution knows or has reason to know that the self-certification or Documentary Evidence is incorrect or unreliable.

B. Alternative procedures for financial accounts held by individual beneficiaries of a Cash Value Insurance Contract or an Annuity Contract - A Reporting Financial Institution may presume that an individual beneficiary (other than the owner) of a Cash Value Insurance Contract or an Annuity Contract receiving a death benefit is not a Reportable Person and may treat such Financial Account as other than a Reportable Account unless the Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person. A Reporting Financial Institution has reason to know that a beneficiary of a Cash Value Insurance Contract or an Annuity Contract is a Reportable Person if the information collected by the Reporting Financial Institution and associated with the beneficiary contains indicia as described in paragraph B of Section III. If a Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person, the Reporting Financial Institution must follow the procedures in paragraph B of Section III.

C. Account Balance aggregation and Currency rules

1. **Aggregation of Individual Accounts -** For purposes of determining the aggregate balance or value of Financial Accounts held by an individual, a Reporting Financial Institution is required to aggregate all Financial Accounts maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

2. **Aggregation of Entity Accounts -** For purposes of determining the aggregate balance or value of Financial Accounts held by an Entity, a Reporting Financial Institution is required to take into account all Financial Accounts that are maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution's computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

3. **Special Aggregation rule applicable to Relationship Managers -** For purposes of determining the aggregate balance or value of Financial Accounts held by a person to determine whether a Financial Account is a High Value Account, a Reporting Financial Institution is also required, in the case of any Financial Accounts that a relationship manager knows, or has reason to know, are directly or indirectly owned, controlled, or established (other than in a fiduciary capacity) by the same person, to aggregate all such accounts.

4. **Amounts read to include equivalent in other currencies -** All dollar amounts are in US dollars and shall be read to include equivalent amounts in other currencies, as determined by domestic law.

a) An "integral part" of a jurisdiction means any person, organisation, agency, bureau, fund, instrumentality, or other body, however designated, that constitutes a governing authority of a jurisdiction. Calculation of Excise Duty Payable in Respect of Excisable Goods and Services whose Excise Duty is expressed in Percentages

1. Calculation of excisable duty payable

The excise duty payable by a person in respect of excisable goods or services whose excise duty is expressed as percentages shall be calculated using the following formula:

A x B

where,

A is the value of the excisable goods or the excisable services; and

B is the rate of excise duty applicable to the goods or services.

2. Determination of value of excisable goods and services

(1) The value of an excisable good shall be the normal ex-factory price of the good exclusive of any tax on that good.

(2) The normal ex-factory price of the good shall include raw material costs, manufacturing costs, labour costs, profit margin, bank charges and interest and all other costs, charges and expenses incidental to the factory, production and sale.

(3) The value of an excisable service shall be the price paid or payable by the consumer of that service excluding value added tax chargeable under the Value Added Tax Act and excise duty chargeable under this Act.

(4) In the case of non-arm's length transactions, the normal ex-factory price shall be the price at which the transaction would have occurred in the ordinary course of business between the person liable to excise duty and an independent person dealing at arm's length and, in cases where the price cannot be determined, the price shall, subject to this Act, be decided by the Commissioner.

(5) A sale in the open market between a manufacturer and a buyer independent of each other presupposes –

(a) that the price is the sole consideration;

(b) that the price is not influenced by any commercial, financial or other relationship, whether by contract or otherwise, between the manufacturer or any person associated in business with that person and the buyer; and

(c) that no part of the proceeds of the subsequent re-sale, use or disposal of the goods or services will accrue either directly or indirectly to the manufacturer or any person associated with that person.

(6) Notwithstanding the provisions of the Act, where the Commissioner is satisfied that an arrangement has been entered into or carried out where –

(a) a person has obtained an excise duty benefit in connection with the arrangement; and

(b) having regard to the substance of the arrangement, it is concluded that the person, or one of the persons, who entered into or carried out the arrangement did so for the sole or dominant purpose of enabling the person to obtain the excise duty benefit,

the Commissioner may determine the liability of the person who has obtained the excise duty benefit as if the arrangement had not been entered into or carried out, or in a manner as in the circumstances the Commissioner considers appropriate for the prevention or reduction of the excise duty benefit.

(7) In this section,

"arrangement" includes an agreement, promise, or undertaking whether express or implied and whether or not enforceable, or intended to be enforceable, by legal proceedings, and a plan, proposal, course of action, or course of conduct; and

"excise duty benefit" includes –

(a) a reduction in the liability of a person to pay excise duty;

(b) an increase in an entitlement of a person to a credit or refund; or

(c) any other avoidance or postponement of liability for the payment of excise duty.

(8) The value of an imported excisable good is the sum of the value of the good ascertained for the purposes of import duty under the laws relating to customs; and the amount of import duty payable on that good.

(9) The value of an excisable service is the amount exclusive of any tax and duty, paid or payable by the final consumer in consideration for the service.

(10) Where no amount is paid in consideration for the excisable service under subsection (9) or where there is an application of the excisable service to own use by the person providing the service, the value of the excisable service shall be the market value of the excisable service.

(11) The taxable value of money transfer services by cellular service providers, money transfer agencies and other financial service providers shall be the fees charged for a particular money transfer service transaction.

(2) Notwithstanding sub-rule (1) of this rule, the evidence given at the hearing of an application may be recorded in shorthand or by mechanical means; and if the parties to the proceeding agree, the transcript of anything so recorded shall, if certified by the members of the tribunal at that proceeding to be correct, be deemed to be a true record of such evidence for the purposes of the proceeding.

24. Decision to be made in presence of parties

After concluding the hearing of the evidence and submissions of the parties, the tribunal shall, as soon as is practicable, make a decision in the presence of the parties or their advocates or representatives and shall cause a copy, duly signed and certified by the members of the tribunal which heard the application, to be served on each party to the proceeding.

(1) Subject to this section, on and after the appointed day, every contributing employer shall, for every month during which he or she pays wages to an eligible employee, pay to the Fund, within fifteen days next following the last day of the month for which the relevant wages are paid, a standard contribution of 15 percent calculated on the total wages paid during that month to that employee.

(2) The Minister may direct that any payment or class of payments of a kind mentioned in the direction shall be treated as wages and may in such direction direct the manner of assessing liability in a case where abnormal or unusual pay practices may have an appreciable effect on the contribution due.

(3) If an eligible employee is employed successively or concurrently by two or more employers, each of such employers shall pay to the Fund in respect of such employee a contribution corresponding to the wages he or she pays such eligible employee.

(4) When a member of the Fund dies during a month, no standard contribution for the month in which he or she dies shall be paid on the wages of such member; but if the standard contribution is paid to the Fund, whether or not at the time of such payment the employer knew of the death of the member of the Fund, such contribution shall not be refundable but shall be regarded as properly paid and, accordingly, shall be credited to the deceased member's account and shall form part of the balance of his or her account.

(5) If after a contribution has been assessed on the wages of an eligible employee in any one month and paid to the Fund a further payment is made during a subsequent month in respect of the same period of service, no reassessment in respect of the first month shall be made; but the further payment shall be included in the assessment of the contribution in respect of the month during which the further payment was made.

(6) Every employer shall furnish to the Managing Director on an approved form such particulars regarding each eligible employee in his or her service, his or her wages, the contribution due

on such wages, the total wages to such employees, and the total contributions and such other information as the Managing Director may require.

12. Employee's share of standard contribution

(1) A contributing employer may deduct from the monthly wage payment of his or her employee the employee's share of a standard contribution of 5 percent calculated on the total wages paid during that month to that employee, but if more than one wage payment is made during any month, the employer may provisionally deduct from all but the last wage payment part of the employee's share of a standard contribution.

(2) Where, during any month, the total sum provisionally deducted in accordance with subsection (1) is not equal to the employee's share of the standard contribution, the employer may, notwithstanding subsection (1), deduct from the last wage payment during that month the difference between the employee's share and the total sum already deducted; but if the total sum so deducted exceeds the employee's share, the employer shall refund the amount in excess to the employee forthwith.

(3) Where through inadvertence the employer fails to recover any sum due at the proper time, he or she may recover that sum as is due in not less than four equal instalments and within six months of payment of wages unless the employee agrees in writing to the deduction being made over a shorter period or in fewer instalments; but no such recovery shall be made where the failure to recover the sum was due to the employer's negligence; and no deduction shall be made for any other contribution or part of a contribution which is not authorised by this section, whether or not in pursuance of a contract or an agreement between an employee and the employer.

(4) If an eligible employee so agrees in writing, the employer may make deduction at an agreed rate from the employee's wage payment or payments in any month and shall adjust the wage payment during the month following that deduction so as to take account of the difference between the agreed deduction or deductions and the employee's share of the standard contribution due for the month; except that –

(a) the employee may at any time withdraw his or her agreement by giving written notice to his or her employer which shall be effective from the second wage payment following the giving of the notice to the employer;

(b) such an arrangement shall not delay the payment to the Fund of the actual sum due, nor shall such an arrangement authorise any extra deduction from wages over the period of the employee's engagement;

(c) the employer shall notify the Managing Director of the time when such an arrangement shall commence and the time when it shall cease;

(d) the Minister may, at any time, direct that this subsection shall not apply to any employee or class of employees or any employer or class of employers.

(5) Where an employer deducts in whole or in part the employee's share of the standard contribution from the wages of his or her employee but does not pay it to the Fund as part of the employee's share of the standard contribution, the employee's account shall be credited, subject to such conditions as the Minister may prescribe, with the amount so deducted from the general revenue of the Fund.

(6) Every contributing employer who makes any deduction pursuant to this section before payment to the Fund is due shall hold the employee's share so deducted or any part of it in trust for the Fund.

(7) For the purpose of any enactment which provides for the payment of minimum remuneration and for the purpose of seeing whether a person's remuneration is less than the minimum provided for by that enactment, his or her remuneration shall be calculated before deduction of his or her share of any standard contribution payable under this Act.

(8) The Minister may, subject to such conditions and limitations as he or she may impose by regulations, require all or any class of employers to make provisional deduction.

(9) This section shall have effect notwithstanding the Employment Act or any other enactment to the contrary.

13. Special contribution by contributing employers

(2) Every contributing employer shall render on an approved form such returns showing the number of –

(a) non-resident employees;

(b) employees of or above the age of fifty-five years,

their wages, the contribution payable for them and such other information as the Managing Director may require.

(3) The Minister may, by statutory order, vary the rate of special contribution and may, in that order, apply different rates of contribution to different classes of employers and employees.

[934] Inserted by NSSF (Am) Act, 2021

(2) A member who wishes to make a voluntary contribution under subsection (1) may authorise his or her employer in writing to deduct an agreed rate from the employee's wage payment and remit the voluntary contribution to the Fund.

(4) A person who is self-employed may apply for membership of the Fund and shall make voluntary contributions to the Fund.

(5) Notwithstanding subsections (1) and (4), any other person may apply for membership and make voluntary contribution to the Fund.

(7) The Minister shall, in consultation with the Board, by regulations, prescribe the procedure for making voluntary contributions and benefits.

15. Penalty for delay of payment of contribution

(1) Subject to subsection (2), if a contributing employer fails to pay into the Fund a standard or special contribution which he or she is liable to pay under this Act by the end of the month following the month for which the relevant wages are paid, there shall be added, until the whole sum including the penalty is paid into the Fund –

(a) a penalty to such contribution of a sum equal to 10 percent of the amount of that contribution; and

(b) on and after the sixteenth day of each month, a penalty to the original amount of that contribution of a further sum equal to 10 percent,

calculated in all cases where there is a fraction of a shilling to one shilling, and any such penalty may be recovered in the same way as the contribution to which it is added, and when recovered, shall be paid into the reserve account.

(2) The Managing Director may remit the whole or part of any penalty under this section subject to such conditions as he or she may determine.

16. Certificate of exemption

The Managing Director may exempt any employer who applies to him or her in that behalf on an approved form from the payment of a standard or special contribution or both in respect of a person employed by him or her within the category specified in Schedule 3 to this Act by granting him or her a certificate of exemption which shall cease to be of any effect –

(a) on a date specified in the certificate or, if such date is extended by the Managing Director, on such later date as is specified in the extension; or
